At Clark Regional Medical Center, our goal is to deliver the best healthcare available to the residents of Clark and surrounding counties, as we seek to make our community healthier. With the help of dedicated physicians, employees, volunteers and board members, along with your continued support and encouragement, we continue our passionate pursuit of excellence.

Delivering quality healthcare close to home is the single most important contribution we make. But there are many other ways we make a positive impact on the communities we serve. Here are a few of the ways we are making a difference.

**More than $2.5 million in capital improvements**

In 2013, Clark Regional Medical Center began a $1.5 million expansion project to house and equip an additional six physicians in the medical office building adjacent to the hospital.

We have added new medical equipment to expand service lines to meet the needs of the community. In addition, we have made a number of quality and technology enhancements to provide more efficient care coordination between the hospital and physicians supporting the community.

In fact, we invested $2,561,291 in our facilities last year which, in addition to the above, included technology replacement, information technology additions/updates, and important facility upkeep and maintenance.

**Contributing to our local tax base**

Last year, Clark Regional paid $1,473,859 in taxes which helped support our city, county and state. This included state sales taxes as well as property taxes. These dollars help maintain local schools, fund the development of roads, recruit business and industry, and provide other similar services vital to support and sustain a thriving economy.

**Helping those in need**

Clark Regional Medical Center is committed to ensuring the delivery of needed healthcare to all members of the community, regardless of ability to pay. Last year, the cost to Clark Regional was more than $1.9 million to provide services for those without the ability to pay for their care.

**Adding new physicians**

During the past year, Clark Regional Medical Center added eight new physicians to our highly respected medical staff, including specialists in radiology, cardiology, general surgery, obstetrics and gynecology, pediatrics, psychiatry and gastroenterology.

**One of our community’s major employers**

With an annual payroll of $23,836,955 and an average of 392 employees, Clark Regional Medical Center is one of the largest employers in Clark County. This means that our staff and family members attend many of the same schools, shop at the same stores and volunteer their time and resources for the same organizations as you do.

We thank you for choosing us for your healthcare needs. With your support, we can continue making our community healthier.

Clark Regional Medical Center is part of LifePoint Hospitals®, a leading hospital company focused on providing high-quality healthcare services close to home. Through its subsidiaries, LifePoint operates 61 hospital campuses in 20 states. With a mission of “Making Communities Healthier,” LifePoint is the sole community hospital provider in the majority of the communities it serves. More information about the Company, which is headquartered in Brentwood, Tennessee, can be found on its website LifePointHospitals.com

“Charity and other uncompensated care” includes hospital costs not covered by Medicaid reimbursements and supplemental payments, as well as charity care and bad debt. “Physician recruitment costs” include recruitment costs and support of new physicians’ initial practice establishment in the community. Payroll includes consolidated salaries, wages, benefits and contract labor costs. “Capital investments” include facility expansions, renovations, equipment purchases, technology replacement, information technology additions/updates, and routine facility upkeep and maintenance.

All references to “LifePoint,” “LifePoint Hospitals,” or the “Company” used in this release refer to LifePoint Hospitals, Inc. and its affiliates.
